## Parvo Puppy Granted Second Chance at Life!

Buttons, our latest rescue from The Summit County Animal Control Facility has a new leash on life!

Buttons, the little brave survivor, came into the county facility weighing 6 lbs., but after a brief stay there, he was down to 3.8 lbs, severely emaciated, parvo positive, and in dire need of medical attention.

Thanks to the volunteers of Heaven Can Wait and the wonderful staff at Precious Lives Animal Hospital, Buttons made a complete turnaround and is on his way to a complete recovery. Heaven Can Wait has rescued numerous dogs from the facility who had parvo, but for them, Heaven Can Wait!

Due to a medical

condition, blessed to have T E N healthy puppies ( y e s , TEN) enter our lives .

dotting mother Duchess was unable to feed her kids. Heaven Can Wait volunteers worked around the clock bottle feeding and performing motherly duties for the pups. Sadly, Archibald went to Heaven because he had a congenital heart defect. Thanks to all the hard work and prayers, Duchess pulled through and so did her NINE surviving puppies! They are now 12 weeks old and available for adoption. They love humans, cats, and dogs. They think that humans are

t h e i r natural parents because t h e y w e r e raised by humans. Chessie, Casey,

Isis, Lila, Lilly, Rory, and Scooter are all available. To see their pictures, please visit [www.heaven-can-wait.com](http://www.heaven-can-wait.com)
