Heaven Can Wait Has a Home of Our Own!

Director, Heather Nagel with WNIR talk show host Dad Tom Erickson

Cuyahoga Falls Mayor Robart visits the Adoption Center

Hooray ! Hooray! Hooray! Heaven Can Wait has a home of our own now! We are so pleased to announce that Heaven Can Wait has opened our own Adoption and Awareness Center and we all feel extremely blessed to have such a wonderful new center to call home. We opened our doors to the public February 8, 2007 and were full to capacity with so many familiar and new faces! We are located at 2765 Front St. in Cuyahoga Falls and are open for you to come visit with us and some of the happy rescues that also call the center home. Our adoption center houses cats we have saved and are available for adoption and dogs are shown when open and by appointment. We also have animal welfare information available to the public, items available for a donation, a meet and greet room available for potential adopters and perspective pets, main office for Heaven Can Wait, a supply room,, drop off for donated items and a location to hold animal meetings. Come see for yourself! Spring hours are: Tuesdays and Thursdays 4-7pm, Saturdays 12-4, Sundays 1-4, and by appointment.

Bluebelle, the Beagle Needs a Home That Will Supply Her with Endless Hugs and Kisses

Meet little Bluebelle, a beautiful Beagle mix who needs a home that will give her the special attention that she needs. Bluebelle was rescued in February from the county facility after being there for a period of time. Other than needing bathed SIX times, she appeared to be in good health. Soon after rescue, Bluebelle displayed a depressed demeanor as well as vomiting bile and passing

blood clots from her behind. Bluebelle was in and out of the hospital for the next two weeks and it was finally found out after numerous x-rays, a scope and medicine after medicine she had pieces of bones lodged in her colon which caused her to be blocked in her GI tract and she was in pain. Because of this, Bluebelle will need to eat a special diet for the rest of her life, but don't tell her that! Bluebelle is the

happy and wonderful sweet little girl she once was before she was a stray and struggled to survive. Is your home the ones she is looking for?

Spencer

A microchip is the only form of pet identification that has proven to be completely permanent, with a unique number that cannot be altered or removed.

"Hi! My name is Spencer!", "Wait....what about me? I am Lilly!" No me! Me! Me! "My name is Spencer, who cares about you Lilly, I am prettier than you anyways!" Children Children Children.... There is room for you both here! Ok, here is your chance to hear a little more about Spencer and Lilly. They are both wonderful dogs in need of finding their forever home. Spencer is a Border Collie/Collie mix and Lilly is a Sheltie Collie/Australian Shepherd mix. They both have an intense dislike for cats, so they don't want any in their new homes. They both love to be walked and played with. Spencer and Lilly both appear to be about 2-1/2 years old

The Importance of Getting Your Dog Heartworm Tested..

Heartworm could have claimed Heathcliff's life, and it could claim your dogs! Heartworm is a preventable disease, caused by a mosquito bite. Yearly testing and keeping your dog on a heartworm preventative can avoid the high cost of heartworm treatment. Heathcliff was rescued from the Summit County Animal Control facility. He was tested positive for heartworm. He has undergone treatments and once tested negative for heartworm, he will be available for adoption.

An Angel with Many Years Still on Earth

Hi! My name is Angel and my several mommies at Heaven Can Wait tell me that my name is Angel because I am one. I am a resident of the Adoption Center while I am waiting for my forever home and you know what? I am so happy here. I was on the way to the kill room at the county facility when two nice ladies from Heaven

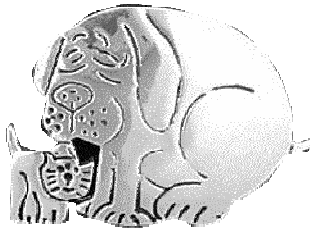

Can Wait intercepted and saved my life. I was wounded by other cats and my former mommy let them hurt me, so I had wounds and boo boos all over me. I am in tip top shape now and I want a soft, warm, and happy home so bad! Is it with you? If you give me a chance I will love you forever.
